Missouri was the last battleship commissioned by the United States and was best remembered as the site of the surrender of the Empire of Japan which ended World War II.

Missouri was ordered in 1940 and commissioned in June 1944. She was decommissioned in 1955 into the United States Navy reserve fleets (the "Mothball Fleet"), but reactivated and modernized in 1984 as part of the 600-ship Navy plan, and provided fire support during Operation Desert Storm in January/February 1991.

Missouri received a total of 11 battle stars for service in World War II, Korea, and the Persian Gulf, and was finally decommissioned on 31 March 1992, but remained on the Naval Vessel Register until her name was struck in January 1995. In 1998, she was donated to the USS Missouri Memorial Association and became a museum ship at Pearl Harbour.

□ Knights of the Round Table (735 pcs)

The Knights of the Round Table were characters in the legends about King Arthur. They were the best knights in King Arthur's kingdom, and lived in King Arthur's castle, Camelot. They were called the Knights of the Round Table because of a special table that was in Camelot which was round instead of rectangular. This meant that everyone who sat around it was seen as trustworthy and equal.

In order to become a Knight of the Round Table, a knight had to prove he was chivalrous (polite) enough. In the legend, the knights swore a Code of Chivalry, this meant that they promised to uphold the rules given to them once they became a Knight of the Round Table.

□ Du Du Drops

Feelgood DuDu Drops are natural, safe and effective sleep drops for children and babies over 12 months. Priced at R160.00

FeelGood Du Du Drops is a safe and effective homeopathic remedy specially formulated by our Clinical Psychologist to calm and relax young children and induce a state of drowsiness. Du Du Drops is 100% homeopathic with proven ingredients making the formula even more effective for a wider range of childhood sleep problems.

Some children remain difficult to put to sleep, no matter what you do. There are children who become anxious around bedtime as they anticipate a struggle with parents and this makes them exhausted, tearful as well as 'difficult' to manage, yet determined not to go to sleep!

New homeopathic formula.

Use Feelgood DuDu Drops as a natural remedy to:

Gently & effectively treat childhood insomnia without the risk of synthetic drugs
Prevent night time behavioural problems & restore healthy & regular sleep patterns
Relax & calm your child & promote natural, peaceful sleep
Assist with sleep problems caused by teething
** For babies under 12 months of age use BabyNature Sleepy Sprinkles.

How do I use DuDu Drops?

Dilute 5 drops in a teaspoon of milk or water just before bedtime or add to the bedtime bottle. May be repeated after 15 minutes if necessary or during the night up to 5 doses.

Babies younger than 12 months: Use BabyNature Sleepy Sprinkles

Children over 12 years: Use Feelgood Health's Serenite Plus Drops for teenagers and adults.

Du Du Drops can safely be used by all toddlers and children 12 months and older and is gentle and non-addictive and will not sedate your child. Together with consistent discipline, a regular routine and night time ritual and a loving home environment, Du Du Drops can help to break poor and irregular sleep patterns and restore peace to your home.

Caution: Consult a doctor or health professional if you are concerned or need advice about your child's health. Keep this and all medicines out of reach of children.

How long until I see results?

Du Du contains homeopathic ingredients that facilitates rapid absorption into the system. Drowsiness usually results within 5 – 10 minutes.

How long will a bottle last?

A bottle of Du Du Drops will last for 30 days or longer depending on frequency of use.

This meant that everyone who sat around it was seen as trustworthy and equal.

In order to become a Knight of the Round Table, a knight had to prove he was chivalrous (polite) enough. In the legend, the knights swore a Code of Chivalry, this meant that they promised to uphold the rules given to them once they became a Knight of the Round Table.

Missouri (1071pcs)

USS Missouri (BB-63) ("Mighty Mo" or "Big Mo") is a United States Navy Iowa-class battleship and was the third ship of the U.S. Navy to be named after the U.S. state of Missouri. Missouri was the last battleship commissioned by the United States and was best remembered as the site of the surrender of the Empire of Japan which ended World War II.

Missouri was ordered in 1940 and commissioned in June 1944. She was decommissioned in 1955 into the United States Navy reserve fleets (the "Mothball Fleet"), but reactivated and modernized in 1984 as part of the 600-ship Navy plan, and provided fire support during Operation Desert Storm in January/February 1991.

Missouri received a total of 11 battle stars for service in World War II, Korea, and the Persian Gulf, and was finally decommissioned on 31 March 1992, but remained on the Naval Vessel Register until her name was struck in January 1995. In 1998, she was donated to the USS Missouri Memorial Association and became a museum ship at Pearl Harbour.
